Corporation notes in circulation 48,907 00

The report also sets forth the pleasing fact that the sinking fund has added to its earnings in one year, over and above its expenses, the sum of \$4,325 35. From this it will be seen that the earnings of this fund, though small at first, have now reached a very considerable sum annually, and of course it is increasing more and more every year, and will, if continued and judiciously managed, accomplish the end of its originviz: the extinguishment of our Corporation debt-before many years.

As many persons may not fully understand the history of our sinking fund, it may not be improper for us to give it as briefly as possible: -In 1846 the Corporation issued \$13,000 in one and two dollar notes; \$10,000 of which was invested in our Corporation stock, and \$3,000 exchanged for Virginia bank notes to redeem the notes as they were returned. This circulation was gradually increased to upwards of \$100,000, and invested in our Corporation stock. After Congress passed the law forbidding the circulation of notes of a less denomination than \$5, this circulation was withdrawn by sale of part of the stock, and an issue of five, six and seven dollar notes. The capital stock is held by the commissioners of the sinking and sale of Virginia State Stock. Having every fund, and the interest is paid to them facility for selling, we are prepared to make liberal regularly every quarter, and is applied advances on Stock till sold. Our charges will be by them to the purchase of Georgetown by them to the purchase of Georgetown Corporation stock; the object being to purchase the entire funded debt of the poration, which is \$236,000, exclusive of the water stock, which is provided for by a special tax, and will be redeemed by that tax. Of the above funded debt the commissioners now hold \$85,649 06, which is the security for the notes now in circulation .- Georgetown Cor. of Wash. Star.

THE ASSEMBLY'S FREE CHURCH IN WASH INGTON.-Rev. R. A. De Lancey, of New Orleans, has secured about eighty thousand dollars (mainly in Louisiana) for the Old School General Assembly's Free Church in Washington, including twenty-five thousand dollars from one gentleman for a fund to support the pastor, and five thousand dollars from a lady for a parsonage house. These donations are made on condition that the amount shall be increased to one hundred thousand dollars; so that twenty thousand dollars are needed to complete this enterprise.
